ELEMENTS OF ARCHITECTURE INTERNATIONAL WORKSHOP

The workshop “Elements of Architecture” organised in the teaching of Drawing of Architecture and city with students of 3rd year of the CdS in Building Sciences and Techniques and 5th year of the CdS in Architecture of University of Campania “Luigi Vanvitelli” (Italy) of Department of Architecture and Industrial Design. Similarly to what was seen in the 2014 Venice Architecture Biennale directed by architect Rem Koolhaas, the founding elements of architecture are analysed with specific references to buildings and urban texture past, present and future. The workshop intends to offer students an experience of reflection on the theme of elements in Architecture, which increasingly affects the urban centres of internationally built realities. In collaboration with the Polytechnic University of Tirana (Albania), thematic questions concerning the knowledge of urban spaces with the support of digital technologies will be explored.
